#### ROXBOROUGH VILLAGE METROPOLITAN DISTRICT 2020 BUDGET SUMMARY OF SIGNIFICANT ASSUMPTIONS

#### **Services Provided**

The District, a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized on July 10, 1985, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's operates under a Service Plan approved by Douglas County on July 24, 1985. The District's service area is located in Douglas County, Colorado. The District was established to provide irrigation, drainage and storm facilities, street improvements, park and recreational facilities.

On September 3, 1985, the District's voters authorized total indebtedness of \$12,000,000 for the above listed facilities and powers. The authorization provided that the bonds would be subject to a maximum net interest rate of 15% per annum. At a special election on December 30, 1992, the District's voters authorized an additional \$14,000,000. The authorization provided that the bonds would be subject to a minimum mill levy for property taxes which increases from 16.0 mills in 1993 to 39.5 mills in 2005 through 2042 adjusted for changes in the State mandated assessment procedures and the levy must be sufficient to generate a minimum revenue as stated in the ballot question. On November 2, 2004, the District's voters authorized additional indebtedness in an amount not to exceed \$10,500,000 at an interest rate not to exceed 7% per annum. At December 31, 2017 the District had authorized but unissued indebtedness of \$475,000 for the purpose of debt refunding.

The budget is in accordance with the TABOR Amendment limitations, which were modified by the voters in an election held on November 6, 2001. District voters approved authorization for the District to retain and spend District revenues, from any lawful source, in excess of the spending, revenue raising, or other limitations in Article X, Section 20 of the Colorado constitution. Emergency reserves, required under TABOR have been provided.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

#### Revenues

#### **Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

### ROXBOROUGH VILLAGE METROPOLITAN DISTRICT 2020 BUDGET SUMMARY OF SIGNIFICANT ASSUMPTIONS

#### **Revenues -** (continued)

The District's maximum Required Mill Levy for the Series 1993 Bonds is 73.109 mills, adjusted for changes in the ratio of actual value to assessed value of property within the District. Required Mill Levy means an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient to pay the principal, premium if any, and interest on the Bonds as the same become due and payable.

The calculation of taxes levied is displayed on the Property Tax Summary Information page of the budget using the adopted mill levy imposed by District.

#### Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 9% of the property taxes collected by both the General Fund and the Debt Service Fund.

### Net Investment Income

Interest earned on the District's available funds has been estimated based on historical interest earnings.

#### Expenditures

#### Administrative and Operating Expenditures

Administrative and operating expenditures include the estimated services necessary to maintain the District's administrative viability such as management, legal, accounting, insurance, banking, meeting expense, repairs and maintenance and other operating expenses. Such expenses have been assumed to be at approximately the same levels as the prior year since no significant changes are anticipated in the level or scope of service.

#### **Debt Service**

Principal and interest payments in 2020 are provided based on the debt amortization schedule from the Series 1993 Bonds and Series 2014 Bonds (discussed under Debt and Leases).

### **Capital Projects**

Anticipated expenditures for capital outlay are detailed on the Capital Project Fund page of the Budget.

### ROXBOROUGH VILLAGE METROPOLITAN DISTRICT 2020 BUDGET SUMMARY OF SIGNIFICANT ASSUMPTIONS

The bonds are payable only from the revenue from the voter approved mill levy (December 1991 election) to generate a "guaranteed revenue" deposited directly to the Trustee and restricted for Series A and B, including interest earned on the cash deposited. The requirement for a replenishable reserve of \$50,000 ended in 2003. Any unpaid interest compounds semi-annually.

#### **1993 Series B Principal Only**

#### Series 2014 Bonds

The Bonds are not subject to redemption prior to maturity.

#### Reserves

#### **Emergency Reserves**

The District has provided for an Emergency Reserve fund equal to at least 3% of fiscal year spending, as defined under TABOR.

This information is an integral part of the accompanying budget.

Dear CLA client:

Our world is changing at an unprecedented pace, cybersecurity threats are increasing, and the cost of doing business continues to rise. As a firm, we are committed to delivering value-added services while also protecting the integrity of our technology environment and your sensitive data.

We continue to implement advanced resources and innovative techniques to create efficiencies and drive down the cost of our professional services. As such, we have only applied modest increases to our professional fees each year.

However, like many firms, our technology-driven and other engagement support costs continue to increase disproportionately, and we believe that transparency is paramount in our relationship. Accordingly, effective January 1, 2020, you will see a new line item on your invoice, which represents 5% of professional fees incurred, as follows:

#### 5% Technology and Client Support Fee

You will continue to see the separate charges for our professional fees as well as direct expenses related to travel and other costs (if any) that have been historically tracked related to your engagement. No change is being made to this practice.

We continue to look for ways to enhance your experience with CLA as we streamline our work to serve you better and keep our prices fair. For example, we are enhancing our electronic billing and receipt practices, secured communication portals, and electronic deliverables.

We appreciate your understanding and value your loyalty as an important part of our CLA family. If you have any questions regarding this matter, please reach out to us.

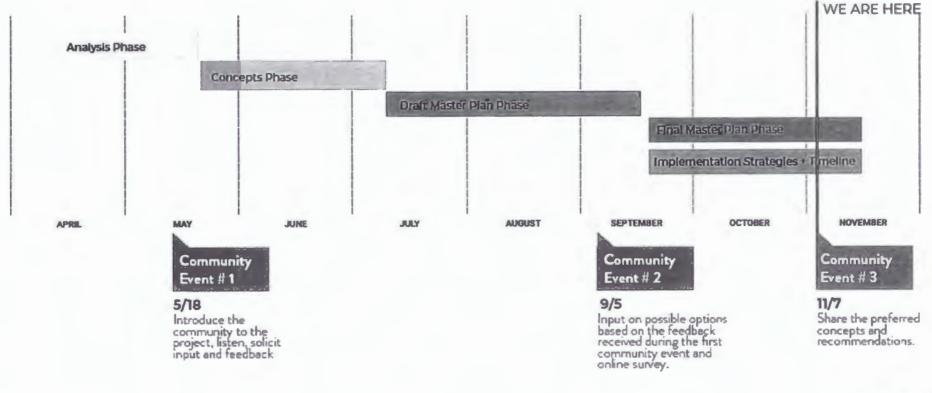

Sincerely,

Clifton Larson Allen LLP
