<u>CALL TO ORDER</u> At 6:01 p.m. the meeting was called to order.

I. ADMINISTRATIVE MATTERS

Upon motion duly made by Director Glass, seconded by Director Prysby, and, upon vote, unanimously carried, the Board excused Director Jensen's absence.

A. Disclosure of Potential Conflicts of Interest

The Board discussed the requirements pursuant to the Colorado Revised Statutes to disclose any potential conflicts of interest or potential breaches of fiduciary duty to the Board of Directors and to the Secretary of State. Director Glass noted that a quorum was present and requested that members of the Board disclose any potential conflicts of interest with regard to any matters scheduled for discussion at this meeting, and incorporated for the record those applicable disclosures made by the Board members prior to this meeting in accordance with the statute. It was noted that there are no Directors' Disclosure Statements to be filed.

B. Additions/Deletions/Approval of Agenda

Following discussion, upon motion duly made by Director Prysby, seconded by Director Coupe, and, upon vote, unanimously carried, the Board approved the agenda.

II. PUBLIC COMMENTS/HOMEOWNER REQUESTS

There was no public comment.

III. BOARD DISCUSSION MATTERS

A. Discuss possible town hall dates to discuss maintaining HOA owned property.

Following discussion, the consensus of the Board was to hold one town hall meeting on Tuesday, January 28th and one additional meeting on Sunday on either February 2nd or 9th subject to meeting room availability. The consensus was to format the meetings with an initial presentation followed by a Q&A session and/or a public comment session depending on meeting attendance. If participation exceeded the available time, any questions or comments would be sent to the District Manager. An exit poll would be used to gauge participants' opinions. Director Rubic noted that a statement of the issue was needed in the meeting notices and in the presentation.

B. Discuss adjustments to the district website, specifically the landing pages for the menu items.

After a brief discussion, the consensus of the Board was to direct SDMS to update the menu pages to ensure submenu links were shown. The Board directed Director Glass to develop a list of suggested changes in menu structure to better organize the website.

C. Discuss whether to request Xcel to install charging stations in the district where they cover most or all of the cost of installation.

After a brief discussion, the consensus of the Board was that if any charging stations were installed, they were best located at the Roxborough Marketplace. However, the Board noted that additional information was needed before any decisions could be made.

D. Updates from Arrowhead Shores HOA meeting.

Director Glass provided a brief update of the questions posed during the Arrowhead Shores

HOA meeting. Director Glass noted that the letters intended to go out to the HOAs in early December were never sent out by SDMS, the district management company. The Board reviewed newly drafted notification letters and the consensus of the Board was to remove the paragraph noting town hall meetings were planned.

E. Discuss who to appoint to Director Rubic's vacant position on the Operations Committee.

The Board discussed the Operations Committee vacancy. Director Rubic explained his reasoning for resigning from the Committee. He suggested that due to the lack of inclusion of all members of the Committee, it may be better to disband the Committee all together and just have the Board President assume all of those functions. Director Prysby noted she was interested in filling the position. It was also noted that the official designation of a new committee member was scheduled for January 15th.

F. Update on Community Park RFP.

The Board discussed the playground RFP draft. Director Glass requested that if the board members had any suggested changes to submit them with tracked changes to him.

G. Discuss any updates on the 2025 Landscape Agreement.

Director Glass reviewed the changes he made and did not make to the 2025 Landscape Agreement in response to CDI's requested changes. The Board did not suggest any further changes beyond those presented. The Board will put the language up for approval on January 15th and request an updated proposal based on the language approved.

H. Discuss possible employee hires, including what type of employee, what their scope of work would be, and any other prerequisites for hiring an employee.

The Board discussed the work scope of both possible employee positions. The consensus of the Board was to proceed with a slightly modified version of the Assistant Manager position as a part-time position only. The Board directed Director Glass to eliminate the Project Management term and use terms like 'coordinator'. Director Glass suggested that moving forward with field services positions in the near future would save the district money and improve services. Director Prysby had the opinion that it would end up costing more money and the District Engineer should step in to do more project management. The Board tabled the discussion about the field services employees until after the District was successful in hiring a productive Assistant Manager.

I. Updates on the following items:

1. District signage;

Director Glass noted SDMS had several proposals to be discussed at a future meeting.

2. Douglas County updates on proposed maintenance agreement for medians and roadsides; Waterton Rd safety, and Executive Homes drainage issues;

The Board discussed the language in the edited license agreement. Director Rubic noted he had a few suggested changes that he would send to Director Glass primarily pertaining to liability.

3. Information or proposal(s) for repairs/maintenance of playground equipment throughout the District;

There were no new updates.

4. Chatfield Farms Playground Spinner Equipment;

The Board discussed the color options presented and the consensus of the Board was to utilize the denim color to match the existing equipment.

5. Turf replacement (xeriscape) project;

Director Glass noted the turf replacement project along Rampart was mostly complete with minor work to occur in the spring. He also noted that Pinyon had provided a preliminary xeriscape design and many of the needed plants were transplanted in preparation for the project.

6. Broken electric line under N Rampart Range Road repair project;

Director Glass noted that the load data showed 489 kWh for mid-November to mid-December. He noted this was extraordinarily high for LED lights and would require a very large solar installation to power something on the southeast corner where the power was severed. Director Coupe said he would investigate with Director Glass about why the load was so high.

7. Status of the holiday lights purchase and display;

Director Glass noted that CDI was planning to take down the holiday lights in the next week.

J. Environmental Committee Update

The updates were provided under the Turf replacement topic.

K. Review lists of current approved and requested community permits, if any. (Sports Field Use, Park Areas & Gazebo, Food Truck Vendors, etc.) and/or any new resident inquiries or correspondence.

There were no new requests to report.

IV. OTHER MATTERS

A. Other

Director Glass asked the Board if the District should comment on the latest County referral regarding the proposed regulation amendments to regulate natural medicine businesses (referral DR2024-003). After some discussion, the consensus of the Board was not to provide any comments.

Director Glass noted that N&D Tree was looking to start wildfire mitigation work on January 23rd or 28th, though the date would be weather dependent. Once a start date was picked, he noted communications would be sent out to the district.

The Board discussed switching the April Board-only meeting date. The consensus of the Board was to switch it to April 7th.

V. PUBLIC COMMENTS/HOMEOWNER REQUESTS

There was no public comment.

I. ADMINISTRATIVE MATTERS

Upon motion duly made by Director Glass, seconded by Director Coupe, and, upon vote, unanimously carried, the Board excused Director Prysby's absence.

A. Disclosure of Potential Conflicts of Interest

The Board discussed the requirements pursuant to the Colorado Revised Statutes to disclose any potential conflicts of interest or potential breaches of fiduciary duty to the Board of Directors and to the Secretary of State. Director Glass noted that a quorum was present and requested that members of the Board disclose any potential conflicts of interest with regard to any matters scheduled for discussion at this meeting, and incorporated for the record those applicable disclosures made by the Board members prior to this meeting in

accordance with the statute. It was noted that there are no Directors' Disclosure Statements to be filed.

B. Additions/Deletions/Approval of Agenda

Following discussion, upon motion duly made by Director Jensen, seconded by Director Coupe, and, upon vote, unanimously carried, the Board approved the agenda.

II. PUBLIC COMMENTS/HOMEOWNER REQUESTS

Debbie McInnis asked if there was a decision to resume maintenance services. Director Glass noted that the board would discuss it but a final decision would not be made until February 19th at the earliest.

Jennifer Rhein asked if the Roxborough Ridge HOA owned tracts would be maintained by RVMD in relation to the proposed ballot measure. Director Glass noted that the proposed ballot would allow for it if a ballot measure passed with language stating such.

III. BOARD DISCUSSION MATTERS

A. Discuss placing a ballot measure up for a vote in May regarding maintenance of HOA owned property and discuss what language should be used.

The Board discussed the proposed ballot language options. The consensus of the Board was to use some variation of the simpler ballot language that did not list out the various license agreements. There was discussion about adding a second measure to include a mill levy or other funding mechanism to cover costs associated with the extra maintenance, which would only pass if both measures received a majority vote. The Board also discussed whether to resume maintenance services until the May election. Due to lack of time, the Board opted to try to finalize the language at the meeting on February 19th.

B. Discuss issues with Farnsworth invoices.

After a brief discussion, the consensus of the Board was to only pay invoices where the final product was delivered and the hours were billed correctly without rounding up to the nearest hour.

C. Discuss the 2025 Landscape Maintenance Agreement and if the listed options should be included.

After a brief discussion, the consensus of the Board was not to include the additional options for fall pre-emergent herbicide treatment of turf or herbicide treatment of noxious weeds in non-irrigated areas.

D. Discuss proposal for adding stone around shade shelter pillars in Chatfield Farms playground.

Director Glass noted the proposal was to provide a solution to the potential trip hazard around the shade shelter columns. After a brief discussion, the consensus of the board was not to pursue the proposal at this time.

E. Discuss fixing drip irrigation across the district and possibly extending some in Community Park to help sickly trees.

Director Glass reviewed the non-functional drip irrigation areas with the Board. The consensus of the Board was to fix the drip irrigation where trees were water stressed. These areas included locations in Chatfield Farms and Community Park but excluded east of Rampart Range Rd where power lines restrict trees.

F. Discuss where to focus tree planting efforts.

Director Rubic proposed focusing tree planting efforts near the new playground in Community Park and in and around the adjacent parking lot. The consensus of the Board was to do that in conjunction with repairing and extending the drip irrigation to existing stressed trees on the west side of the parking lot.

G. Discuss creating an agreement to perform wildfire maintenance on Douglas County School District property north of Filing 16B.

After a brief discussion, the Board opted not to attempt to pursue an agreement with the Douglas County School District due to the timing of the ongoing wildfire mitigation work.

H. Update from Roxborough Ridge HOA with regard to having RVMD include their medians in the maintenance agreement with Douglas County.

The Board discussed the request by the Roxborough Ridge HOA to include the medians on Red and Blue Mesa into the maintenance agreement with Douglas County. The Board decided to postpone a decision until the end of May in case the proposed ballot measure affected any HOA agreements.

I. Discuss adjustments to the district website, specifically the landing pages for the menu items.

The item was deferred to a later date.

J. Update on Community Park RFP.

Director Glass noted the RFP had not been sent out yet. Director Rubic requested that it be publicized on the District website, social media, and elsewhere.

K. Update on Landscape Maintenance and Snow Removal RFP.

Director Glass noted the RFP had been sent out yet and had a deadline in early March. Director Rubic requested that it be publicized on the District website, social media, and elsewhere.

L. Discuss possible employee hires, including what type of employee, what their scope of work would be, and any other prerequisites for hiring an employee.

Director Glass noted he spoke with Kurt Miller, the supervisor for Roxborough Park Foundation, and he would be attending the March 10th meeting to answer questions from the Board. Director Glass also noted that the hours estimated for an assistant manager warranted a part-time position only. Director Rubic was concerned about who the employee would report to. The Board requested that Director Glass get more input from the District Attorney about government employment laws pertaining to benefits, termination, and other restrictions.

M. Updates on the following items:

1. District signage;

Key Performance Metrics

Cash balances will be expected to increase now that we are into 2025.

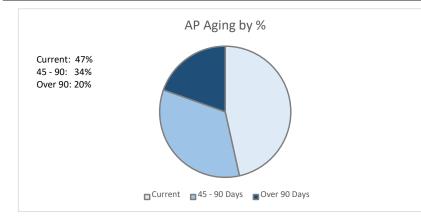

Income & Expenses

Financials were prepared before receiving January's Special District Management Services invoice. A place holder of \$10,000 was used and will be updated when the actual invoice is received. As the year progresses, we will monitor expense trends to the current budget, as well as historical years.

You are correct. The concept behind my alternative was to avoid having Ballot B. The reasoning is that we can make things work within our budget IF we don't have to immediately replace playgrounds following the ballot measure passing. If it can be pushed out 10 years, we'll be pretty good. This will also avoid any confusion since we've been indicating we don't want to increase taxes. (I do realize there are ancillary benefits to solidifying the TABOR stuff, but I'd rather not muddle things on this ballot).

Ephram,

That language makes the two ballots the same except the second authorizes a tax increase. The voters will obviously reject the tax increase because they can get the same thing under the first ballot without a tax increase. I thought the incentive was the additional tax would include playgrounds. Then, the voters would have to choose whether they wanted to include the playgrounds for increased taxes. That seed like a logical approach to the ballots. Dino

Dino,

I added the alternative on Ballot A where RVMD maintains the playgrounds but there is no tax increase. I also entered some rough numbers (to be verified by Gemsbok if we go down that route) for how much more it would cost to take over the playgrounds and be revenue neutral (I used our 10-year budget forecast to obtain the numbers).

Thanks,

AGREEMENT FOR LANDSCAPE MAINTENANCE SERVICES

This Agreement for Landscape Maintenance Services ("*Agreement*"), effective the 1st day of January 2025 ("*Effective Date*") is entered into by and between Roxborough Village Metropolitan District, a political subdivision of the State of Colorado ("*District*"), and Consolidated Divisions, Inc., a Colorado corporation d/b/a CDI Environmental Contractor ("*CDI*"). The District and CDI are referred to collectively as the "*Parties*" or individually as a "*Party*".

ARTICLE I SERVICES AND COMPENSATION

Section 1.1 Services and Compensation:

(a) Services: The District retains CDI to perform, and CDI agrees to perform, maintenance, care and repair of certain landscaped areas described in the Scope of Services as the Standard Services attached as Attachment 1, including Exhibits A, B and C to Attachment 1, which are incorporated by reference and made a part of this Agreement (collectively, the "Services"). The additional services set forth in Exhibit B, and such additional services that are beyond those set out in Attachment 1 (collectively, "Additional Services"), if requested, shall be provided only when authorized in writing by the District. Oral discussions between any Board member or the District Manager and a CDI employee shall not constitute authorization to perform Additional Services unless the oral discussion is subsequently set forth in a written document signed by the Parties. To the extent any provision of this Agreement and Attachment 1 conflict, directly or indirectly, the provisions of this Agreement shall prevail. CDI understands the Board is evaluating its options with respect to providing the Services to Arrowhead Shores HOA, Roxborough Village Filing 14B HOA, and Roxborough Village First HOA (individually an "HOA" and collectively the "HOAs"), including but not limited to: i) terminating the Services being provided to one or more of the HOAs effective January 1, 2025; ii) continue providing the Services to one or more of the HOAs in exchange for appropriate compensation; or, iii) continue providing the Services until the District conducts an election in May 2025 on whether the District's voters authorize it to continue providing the Services to the HOAs without charge. CDI agrees that the Parties shall amend the Scope of Services to reflect whatever option the Board chooses and shall mutually agree to increase or decrease CDI's compensation based on the amended Scope of Services.

(b) <u>Attendance at Board Meetings and Reports to District Manager</u>: CDI shall attend the regular meetings of the District's Board of Directors ("*Board*"). CDI shall submit a summary report of all activities for the prior month and anticipated activities for the coming month to the District Manager in a format determined by the Board. The summary report, and any proposed agenda items that CDI deems appropriate or necessary for inclusion for an upcoming Board meeting, shall be submitted to the District Manager in sufficient time to be included in the monthly Board packet prepared by the District Manager.</u>

(c) <u>Quality Assurance</u>: CDI shall provide a schedule of all maintenance related activities planned during the Services period, with notations of season requirements. CDI shall submit with the maintenance schedule all product data for materials, such as fertilizers, pesticides, etc. In order

to expedite minor but necessary work and repairs that are not a part of the base contract, CDI may be authorized to spend up to \$3,000 per incident without prior authorization, unless otherwise directed in writing. All larger repairs or maintenance items shall be brought to the attention of the District Manager for review and may require Board approval.

(d) <u>Commencement Date</u>: CDI shall commence performance of the Services on the Effective Date and will thereafter continually and diligently perform the Services and the Additional Services requested by the District until this Agreement is terminated or expires, whichever occurs first.

(e) <u>Communication</u>: CDI will notify the District prior to performing each Service listed in Exhibit B with a scheduled date the Service will be performed, along with any pertinent information related to such Service. A checklist of the Services listed in Exhibit B shall be provided in CDI's monthly report showing what Services have been completed and what Services have yet to be rendered.

Section 1.2 Compensation: In consideration of CDI's satisfactory performance and completion of the Services, the District shall pay CDI the compensation described in <u>Attachment 2</u>, which is incorporated by reference and made a part of this Agreement. If there is a direct or indirect conflict between the itemization of services and/or times in Attachment 2 and the itemization of services and/or times in Attachment 1 (including Exhibits A, B, and C), Attachment 1 shall control; provided, however, as set forth in Section 1.1(a), above, if the itemization of services and/or times in Attachment 1 conflict, directly or indirectly, with any provision in this Agreement, this Agreement shall control.

Section 1.3 Payment:

(a) <u>Request for Payment</u>: CDI shall submit to the District Manager, by the second Tuesday of the month, a standard pay request form setting forth the monthly scheduled payment in accordance with Attachment 2, and a report detailing the following ("*Request for Payment*"):

- (i) Services performed during the previous month, including but not limited to: A. Locations;
 - B. Time and rate per hour of each employee or subcontractor (if applicable);
 - C. Quantities of materials used in the work performed (if applicable);
 - D. Reason for work performance;
 - E. Detail of problems encountered and corrective action taken or proposed to be taken;
 - F. Work Orders recommended to be performed in the future and the reason the work is recommended; and,
 - G. Services performed during the previous month pursuant to an approved Work Order with supporting documentation.
- (ii) Maintenance inspection report discussing (but not limited to) the following:
 - A. Safety conditions;
 - B. Appearance; and,
 - C. Follow up items for the preceding month.

Any failure to timely provide the foregoing Request for Payment, with all of the required information, may delay payment up to the next monthly Board meeting and may constitute a breach of this Agreement.

(b) <u>Payment Procedure</u>: The District will make payment to CDI for work satisfactorily completed within thirty (30) days after a Request for Payment is submitted by CDI or thirty (30) days following the month in which the services were completed, whichever is later. Late fees, penalties, and interest will not be charged against any disputed amount the District does not pay by the date owed. CDI has the right to stop work, and shall notify the District of such action, if the District does not pay any undisputed portion, or all, of a Request for Payment in full within thirty (30) days of the District receiving the Request for Payment. If CDI stops work, it shall have no obligation to maintain, care for, or provide any Services to the landscape maintenance areas.

(c) <u>Chatfield Farms</u>: All Requests for Payment shall separately identify the cost of any Services performed within the Chatfield Farms areas shown on <u>Attachment 1</u>. Failure to provide separate costs for Chatfield Farms will constitute a deficient Request for Payment described under the above Payment Procedure section and will delay payments and may constitute a breach of this Agreement.

(d) <u>Additional Services</u>: If CDI is directed to perform any Additional Services, CDI shall submit invoices for all Additional Services to the District Manager within thirty (30) days of performing the work.

(e) <u>Tax Exempt Status</u>: The District is exempt from Colorado state and local sales and use taxes. CDI's invoices shall not include any sums for such taxes.

(f) <u>Penalty for Failure to Complete Tasks/Projects or Provide Required Information by</u> <u>Deadlines Established in this Agreement</u>: If CDI fails to complete a task/project or provide required information by the deadline(s) established in this Agreement, the District shall have the right to deduct \$100.00 from any amounts owed to CDI. Each failure to complete a task/project or provide required information is a separate infraction that will result in a \$100.00 deduction. The District may, in its discretion, waive an infraction if CDI provides documents and/or other information substantiating that there were extenuating circumstances that would justify such a waiver.

Section 1.4 Set-Off: In addition to any other rights the District has under this Agreement or in law or equity for indemnity or other reimbursement, recoupment, or payment by CDI, CDI agrees that the District is entitled to set-off any amounts it may owe CDI under this Agreement against such claims for indemnity or other reimbursement, recoupment, or payment.

Section 1.5 Non-Appropriation: The District's direct and indirect financial obligations under this Agreement are subject to annual appropriation by the Board. If the Board does not appropriate funds beyond the current calendar year, this Agreement shall automatically terminate with no further obligation whatsoever to CDI.

ARTICLE II TERM AND TERMINATION

Section 2.1 Term: The term of this Agreement shall begin on the Effective Date and shall continue through December 31, 2025 ("*Term*"). This Agreement may be terminated in accordance with Section 2.2, below, or as elsewhere provided in this Agreement.

Section 2.2 Termination:

(a) <u>Termination by CDI</u>: CDI may terminate this Agreement: (i) if the District fails to pay an undisputed amount owed within fifteen (15) workdays of receiving CDI's written notice that the undisputed amount has not been paid; or, (ii) upon thirty (30) workdays prior written notice to the District for any other reason.

(b) <u>Termination by the District</u>: The District may terminate this Agreement: (i) upon fifteen (15) workdays written notice to CDI that it has breached this Agreement, if CDI fails to cure, or take substantial steps to cure, such breach within the fifteen (15) day period; or, (ii) upon thirty (30) workdays prior written notice to CDI for any other reason.

(c) <u>Effect of Termination</u>: In the event of termination, the District will pay CDI for the prorated portion of the Services satisfactorily performed to the date of termination, subject to the District's right of set-off pursuant to Section 1.4 above and the District's right of non-appropriation pursuant to Section 1.5 above.

ARTICLE III GENERAL SERVICES PROVISIONS

Section 3.1 Professional Standards: CDI will perform the Services and any authorized Additional Services in accordance with the generally accepted standards of care, skill, diligence, and professional competence applicable to contractors engaged in providing similar services at the time and place that CDI's Services or Additional Services are rendered. Except as otherwise expressly stated herein, CDI shall, at its cost, be solely responsible for repairing any damage caused by CDI or one or more of the CDI Parties (defined below).

In addition, CDI shall promptly resolve any verified statement of claim filed with the District by a subcontractor, vendor, or supplier claiming CDI has failed to pay amounts due for services, labor or materials provided to CDI in the performance of its Services or authorized Additional Services.

Other than mowing equipment, vehicles shall use paved surfaces as much as practicable. Except for emergencies, vehicles and equipment shall not be on unpaved surfaces when the ground is soggy. If CDI requires vehicles to drive off paved surfaces, CDI must receive special permission in writing from the District. CDI's vehicles and motorized equipment shall at all times yield to pedestrians and cyclists in parks and open space.

Section 3.8 Mowing Equipment: To prevent the spread of diseases, pests, and weeds, all mowing equipment shall be cleaned, including the underside of the mowing deck, prior to use within the District.

CDI shall provide the landscape services set forth in this Scope of Services within the landscaped areas shown on *Exhibit A* to this Attachment 1. Special landscape services are described in Article III, below. If there is a conflict between the Standard Landscaping Services (Article II) and/or the Special Landscaping Services (Article III) and CDI's General Representations (Article I), the Standard Landscaping Services, as applicable, shall control.

ARTICLE I CDI's GENERAL REPRESENTATIONS

Maintenance - Quality Plan

Property Name: Roxborough Village Metro District Focus Area: *Maintenance*

1. Maintenance QUALITY PLAN PURPOSE

Roxborough Village Metro District is classified by CDI as a HIGH PRIORITY site.

Attention to Detail – You expressed your need to have the association look aesthetically pleasing and maintained throughout the season at a high standard. We understand that Roxborough Village is a premier community, and the landscaping needs to reflect that image. Lack of focus in highly visible areas shows an unkempt look and can reflect negatively upon the association. In order to provide thoroughness and quality in all aspects of our service, CDI plans for such detailing of a property that is often overlooked due to lack of proper planning and adequate/trained resources. Our approach will be to have the same crew performing the work week after week throughout the season; providing you familiarity with the crew and ensuring timeliness and consistent quality of work completed. This planning includes utilizing proven tools for mapping out and allocating time and manpower for these activities to be completed as scheduled. Weekly quality assurance programs will ensure the community is maintained consistently.

2. QUALITY MANAGEMENT METHOD

2.1 Quality Standards

A leading cause of frustrations with landscape maintenance is when a contractor does not provide consistent services in a timely manner. When your time is spent "babysitting" your contractor, you are taken away from other more important responsibilities. In this proposal, we have provided a tailored Landscape Plan for Roxborough Village which outlines the services to be provided and the frequency of when these services are scheduled to be performed. This information provided in the Landscape Plan sets the expectations and allows you to communicate from a position of knowledge when corresponding with the Board and/or when you receive calls from homeowners.

2.2 Quality Equipment

Qualified as a HIGH PRIORITY account, Roxborough Village will be assigned all CDI-owned equipment. As needs change and we become accustomed to the property we can adjust as necessary as well.

2.3 Account Manager Responsibilities

Proactive communication is important and something you expect from your contractor. "Doing what you say, when you say you are going to do it", is simply following through on commitments. It shouldn't be your responsibility to bring issues/concerns to the attention of the landscape maintenance provider. With CDI, you will have multiple sets of eyes, at various times each week, watching over the property to identify and anticipate concerns and potential problems. Your dedicated Account Manager and single point of contact will ensure that you receive focused, proactive, and solution-driven communication pertaining to changing conditions of the campus. Whether it be conducting site walks and/or providing status reports, we will work with you to develop the most appropriate communication method(s) to convey pertinent information on what has/has not/will be transpiring on the property.

ARTICLE II STANDARD LANDSCAPING SERVICES

Section 1 Standard Landscape Services: The frequency and/or number of times per year that CDI is to provide the Standard Landscape Services are set forth in <u>Exhibit B</u>. A map depicting the areas to provide the Standard Landscape Services is shown in <u>Exhibit C</u> (the "Landscape Maintenance Map").

(a) <u>Irrigated Turf</u>: Turf care consists of mowing, irrigation, fertilization, and herbicide application to maintain healthy turf at all times.

(b) <u>Mowing of Irrigated Turf Areas</u>: Irrigated turf areas shall be mowed as necessary to maintain a turf height of approximately $2^{3}/_{4} - 3^{3}/_{4}$ inches during the growing season. Mowing equipment and patterns shall be employed to permit recycling of clippings where possible. Excess clippings shall be removed from sidewalks and drives. Blades on all equipment shall be sharp to prevent tearing of the grass blades. Drought conditions may necessitate less frequent mowing. All clippings shall be collected and disposed of properly and/or blown from sidewalks in irrigated turf areas to maintain a well-groomed appearance. Mowing shall not be performed when the ground is soggy to avoid compaction, rutting, and removal of the grass.

(c) <u>Trimming</u>: All irrigated turf areas shall be trimmed after each mowing to provide a well-groomed appearance. This shall include all fence lines and vertical elements.

(d) <u>Edging</u>: During the mowing season, edging shall be performed along all sidewalks, walkways, drainage ways, streets, curbs, and planting beds to maintain a well-groomed appearance. Such edging shall be performed at least bi-weekly in irrigated turf areas during the mowing season. Should more frequent edging be required to maintain a well-groomed appearance, CDI shall provide a written proposal for such additional edging to the District Manager. All clippings shall be collected and disposed of properly and/or blown from sidewalks to maintain a well-groomed appearance.

(e) <u>Fertilization</u>: Irrigated turf areas shall be fertilized with a high quality, well-balanced fertilizer three (3) times each season or one (1) slow-release fertilizer designed for one annual application. Only non-phosphorus fertilizer shall be used. If using standard fertilizers requiring three (3) applications, the first application shall consist of 1/2 pound of nitrogen per 1,000 square feet, at least 40% of which shall be slow-release nitrogen. This first application shall contain a pre-emergent herbicide to control annual grassy weeds. Each subsequent application shall be 1 pound of nitrogen per 1,000 square feet, at least 40% of which shall be slow-release nitrogen and shall also contain at least 1% iron. If using a fertilizer designed for one annual application, the application rate and timing of the application should follow manufacturer guidelines. All fertilizer shall be blown into turf areas from sidewalks to minimize staining; fertilizer shall not be blown into streets or gutters. Both the first and third fertilization shall occur as specified under the aeration section with the second occurring at some midpoint between the first and third application.

(f) <u>Integrated Pest Management</u>: If requested, CDI shall assist the District to develop policies to apply the principles of Integrated Pest Management (IPM). This includes information on modifications and additions to the prevention strategy and schedule of regular cleaning and

maintenance; regular monitoring to detect problems early; choosing the most effective options with the least risk to people and the environment; using biological methods that will result in long-term solutions; and minimizing the use of pesticides and insecticides. CDI shall attempt to alert the District of all effective alternatives to chemical applications available.

(g) <u>Weed Control</u>: CDI shall spray all irrigated turf with a broad-spectrum broadleaf herbicide three (3) times per season with follow-up spot application as required. Prior to such application, CDI shall submit the proposed herbicide to the District for approval. Application of pre-emergent herbicide shall be completed before May 1 of each year; second and third applications of pre-emergent or application of post-emergent control of broadleaf weeds shall occur late June to first week of July and again late August to first week of September of each year. CDI shall perform manual removal of weeds on a weekly basis as needed.

(h) <u>Aeration</u>: CDI shall aerate all irrigated turf areas to open the turf for fertilizer, air, and water two (2) times each year. The first aeration shall be completed before the first fertilization and shall be done within one (1) week of the irrigation system being turned on in the spring. The second aeration shall occur at a minimum, two (2) weeks prior to the irrigation system being shut down for the year. Irrigated turf areas will be watered thoroughly prior to aeration and fertilized immediately thereafter with an appropriate fertilizer, as specified in the Fertilization section. CDI shall use only a closed coring tine. Prior to aeration, CDI shall flag all sprinkler heads and valve box covers damaged by the aerators. Plugs shall be left on irrigated turf areas to assist in breaking down thatch.

(i) <u>Leaf Removal</u>: In irrigated turf areas, CDI will collect and remove large accumulations of leaves during the month of November or after 90% leaf drop. Timing of collection and removal shall be weather dependent.

(j) <u>Unusual Conditions</u>: Whenever CDI observes any condition which CDI believes may be detrimental to healthy turf growth, such conditions shall be immediately reported to the District Manager along with a recommended corrective action.

Section 2 Non-Irrigated Turf and Native Grass Care: All mowing of non-irrigated turf and native grasses shall be coordinated with the District's herbicide contractor.

(a) <u>Trails Through Non-Irrigated Turf and Native Grass Areas</u>: Non-irrigated turf and native grass areas on either side of trails and sidewalks shall be mowed to a width of four feet (4'). These mowing areas are defined as beauty-bands and are depicted in Exhibit C. The beauty-bands shall be mowed to four inches (4") when any of the vegetation in the bands have exceeded seven inches (7"). All clippings shall be collected and disposed of properly and/or blown from trails and sidewalks to maintain a well-groomed appearance.

(b) <u>Fence Lines</u>: All fence lines depicted in Exhibit C shall be mowed to a width of eight feet (8') and trimmed for wildfire mitigation purposes. Fence lines shall be mowed to a height of four inches (4") when the grasses exceed seven inches (7"). If the distance from a fence line to a path or to a road is under twenty feet (20'), the fence line mowing shall be widened to meet the

mowed beauty-band to avoid leaving narrow strips of tall grass.

(c) <u>Mowing of Non-Irrigated Turf and Native Grass Areas</u>: Non-irrigated turf and native grass areas, as identified in Exhibit C, shall be mowed once per year, or as necessary at the discretion of the Board. The annual mowing shall occur in late winter or early spring except for (i) the sledding hill which shall be mowed once in late summer or early fall before any snowfall and for (ii) the east side of the upper parking lot, which shall be mowed based on the same criteria and frequency as beauty-bands. Mowing shall not be performed when the ground is soggy to avoid compaction, rutting, and removal of the grass. Only native areas designated in the maintenance plan map shall be mowed; not all native areas throughout the District will be mowed. All clippings shall be blown from sidewalks to maintain a well-groomed appearance.

Section 3 Tree and Shrub Care in Landscaped Areas: CDI shall familiarize themselves with the numbers, locations, and types of trees and shrubs within the District. Tree and shrub care shall maintain and promote healthy growing conditions and shall include pruning, wound repair, fertilization, insect control, disease control, and other maintenance measures as necessary. The maximum overall tree/shrub height for pruning and removal shall be ten feet (10') or 1/3 the height of the tree/shrub, whichever is less. Trees in native areas are not maintained; however, some trees in non-irrigated, landscaped areas are maintained.

(a) <u>Pruning and/or Removal of Trees</u>: CDI shall not prune or remove trees unless directed to do so by the District. Any such pruning of trees or removal of any trees shall be an Additional Service to be approved by the Board or District Manager.

(b) <u>Pruning Shrubs</u>: The objective of shrub pruning is to promote healthy plants and a pleasing appearance and to remove any growth into sidewalk areas. Shrubs shall be maintained as prescribed by the best practices for the species. Shrubs will be thinned as necessary to retain dense foliage, quality flowers, and a healthy natural appearance. Shrubs in non-irrigated and native areas are not maintained.

(c) <u>Dead Plant Materials and Replacement of Plants</u>: All dead plant materials shall be removed and properly disposed off-site within one (1) week of determination of death. CDI shall immediately provide a quote to the District Manager to replace such plants.

(d) <u>Wrapping</u>: CDI shall not wrap trees or shrubs unless directed to do so by the District. Any such wrapping of trees or shrubs shall be an Additional Service to be approved by the Board or District Manager.

(e) <u>Watering</u>: During periods of dry weather, up to fifteen (15) newly planted trees shall be hand watered weekly when the irrigation system is shut off or where no irrigation exists. This watering shall continue for new trees until they have been in the ground for two years and/or until they have an established root system. If there are more than fifteen (15) new trees to be watered, CDI shall provide a quote to the District Manager for the additional watering.

Section 4 Mulch and Mulch Beds: Organic mulches, including wood and bark chips shall be utilized in non-turf flower bed areas.

(a) <u>Protective Rings</u>: All trees and shrub beds shall be protected from maintenance equipment by use of a mulch bed and/or other protection, as approved by the Board. CDI shall correct any protective rings that are misapplied or in disrepair. Wood mulch shall not be applied against tree bark and shall dip to meet the base of the tree.

(b) <u>Application</u>: Certified weed-free shredded wood mulch shall be reapplied each season after the first herbicide application, if applicable. This shall include all tree protection rings, shrub beds, ground covers, and annual and perennial beds.

(c) <u>Maintenance</u>: All mulched areas shall be edged or re-edged prior to application of mulch to provide natural containment, or the tree rings shall be sprayed to prevent grass and weeds from encroaching the tree ring.

Section 5 Ground Cover, Flower Beds and Rock Beds: The appearance and health of ground cover, flower beds, and rock beds shall be maintained by adhering to the following practices:

(a) <u>Weed Control</u>: Weeds in rock beds shall be controlled by use of a pre-emergent herbicide or selective systemic herbicide. The manufacturer and formulation of herbicides will be coordinated with the District before use. Weeds shall be hoed as little as possible to minimize damage to plant root systems.

(b) <u>Mow Strips/Landscape Edging</u>: Landscape edging, including metal edging, mow strips, and any other materials, shall be kept in good repair and appearance and replaced if necessary. Any safety hazards shall be immediately corrected. Edging shall be kept at an appropriate depth to ensure mulch stays in the landscaped area and grass cannot spread to the landscaped area via underground rhizomes. Edging that has tilted, particularly to the point of impacting sprinkler heads, shall be straightened. All time and labor for this service are included in the contract price. If edging has deteriorated beyond repair, CDI shall provide a quote to the District Manager for its replacement.

In addition, all controller enclosures shall be opened and visually inspected. After the initial activation checks, the Maintenance Technician is not required to make the same checks unless there is a visual indication of an issue or the District requests additional checks. On a weekly basis, the Maintenance Technician shall monitor irrigated areas and repair leaks, clean nozzles, and make adjustments as required.

The contract price includes all twenty (20) hours of weekly maintenance services. CDI agrees that the irrigation hours provided by CDI, up to eighty (80) hours per month, will be applied by CDI to any irrigation work performed for the District.
